

Art and Identity

Yinka Shonibare

Shonibare is a British-Nigerian artist whose work explores the complicated history of colonialism and the impact of the British Empire around the world. His work *Scramble for Africa* imagines the scene in which European leaders argued over the African continent, each choosing a piece as their own.

Portraiture: Step-by-Step

Portraiture

There are very specific rules to follow when drawing a portrait. In this unit we learned that the eyes are in the middle of the face, that we use tonal shading rather than line when drawing the nose, and that hair does not just sit on top of the head!
